

Munzur University School of Health Science, Nursing Department
2018/2019 Academic Year
List of Courses

Code/Credits	Course	Semester Winter / Spring	Contents	Contact Details of Lecturer	Department
HEM 117/4	Basic Concepts of Nursing	1st Semester /Winter	Basic Concepts of Nursing course helps students to comprehend the basic philosophy of nursing, the role of nursing within health care system and her own role as a student. This course provides the student the knowledge and skills on basic theories, concepts, principles and methods of nursing care.	Name-Surname: E-Mail: Tel:	Nursing
HEM 103/3	Anatomy	1st Semester /Winter	Theoretical lectures covering human anatomy on a systematic and functional basis, practices to highlight essential structures on models. General anatomical principles, skeleton system, muscular system, respiratory system, gastrointestinal system, urogenital system, sensory organs, sensory organs.	Name-Surname: Nilgün SÖYLEMEZ E-Mail: nilguntatar@munzur.edu.tr Tel:4282131794	Nursing
HEM 119/2	Biochemistry	1st Semester /Winter	The Chemical Components of Cell, Amino acids as the constituents of proteins, The 3-dimentional structures, features and functions of proteins, Enzymatic catalysis, Carbohydrates: Definition, main structures, classification, D/L isomers of monosaccharides, Lipids: Definition, main structures, classification, fatty acids, triacylglycerols, phospholipids, micells, steroids and cholesterol, Functions of coenzymes and cofactors, Glycolysis pathway, Citrate cycle, Oxidative phosphorylation, Pentose phosphate pathway, Glycogenolysis, Glyconeogenesis, Fatty acid degradation, synthesis of ketone bodies, Amino acid degradation and urea cycle, Hormones.	Name-Surname: Fulya BENZER E-Mail: fulyabenzer@yahoo.com Tel: 4282131794	
HEM 107/2	Introduction To Nutrition	1st Semester /Winter	Goal this course; significance of nutrition and relationship between healthy, food groups and food groups function, widespread nutrition problem sighted in society and reasons of widespread nutrition problem, Nutrition methods in specific condition and disease.	Name-Surname: Gülnaz KARATAY E-Mail: gkaratay@munzur.edu.tr Tel: 4282131794	
YDI 101/2	Foreign Language I	1st Semester 1. Term/Winter	Sentence Forms in English-(Affirmative, Negative, Interrogative) Nouns (Countable-Uncountable, Singular-Plural), Numbers, To be, Prepositions, Articles, Quantifiers, numbers, Adjectives-Adverbs-Possessive Pronouns-Possessive Adjectives, Object Pronouns, Reflexive Pronouns.	Name-Surname: E-Mail: Tel: 4282131794	Foreign Languages

TRD101/2	Turkish Language I	1st Semester /Winter	The definition and functions of the language, giving information about the birth of languages; uncovering the differences between written language and spoken language; the place of Turkish in world languages; historical dialects of Turkish language, contemporary dialects, historical periods of Turkish language, works written in these periods; the alphabets used by the Turks throughout history.	Name-Surname: E-Mail: Tel: 4282131794	Turkish Language
AİT 101/2	Atatürk's Principle & History of His Recent I	1st Semester /Winter	Atatürk's principle and his recent's purpose; Republic of Turkey enhance exclusive civilization around world. In the light of Atatürk's principle and his recent; government and society must reconstruction, Political, social, economical, cultural developments and variations assessment in Republic of Turkey.	Name-Surname: E-Mail: Tel: 4282131794	Atatürk's Principle & Histor
HEM 113/2	Interpersonal Relations in Nursing	1st Semester /Winter	The importance of self-recognition, the importance of communication and communication, Techniques that make communication easier, Stereotypes Thought, Communication Conflicts and Solution Methods, Behavior Patterns, Our values Empathy-Empathic communication, Limits and Responsibilities, Self-conception and body image, Stress and ways of coping with stress, Communication with the patient in special cases	Name-Surname: Yadigar ÇEVİK DURMAZ E-Mail: ycevik@munzur.edu.tr Tel: 4282131794	Nursing
HSD 107/2	Drama	1st Semester /Winter	Drama in education, the role of the instructor for preschool drama activities education environment in drama activities evaluation of preschool education drama activities Pantomime, application of pantomime Acting, improvisation activity creating games with stories	Name-Surname: Gülnaz KARATAY E-Mail: gkaratay@munzur.edu.tr Tel: 4282131794	Nursing
HSD 101/2	Basic Rights and Responsibilities	1st Semester /Winter	What' mean law, right, authorisation and responsibility? human rights, human rightsqualities, human rights types, human rights declaration, rights of patients, rights of patients declaration, convention on the rights of the children, essential principle in convention on the rights of the children, convention on the rights of the children's intitle of children, person in need of protection, actions to be taken for person in need of protection.	Name-Surname: Nazan GÜRASLAN BAŞ E-mail: nbas@munzur.edu.tr Tel: 04282132231/ 2130	Nursing
HSD 109/2	Introduction to Philosophy	1st Semester /Winter	Philosophy and science, Socrates, Platon, Aristoteles, Descartes, Locke and Kant, Karl Popper, August Comte, freewill and determinism, ethic, political philosophy: Platon and Hobbes, Locke and Rawls, 20th century philosophy.	Name-Surname: Yadigar ÇEVİK DURMAZ E-Mail: ycevik@munzur.edu.tr Tel: 4282131794	Nursing
HSD 103/2	History of Nursing and Deontology	1st Semester /Winter	In this course, nursing historical development, ethical caoncepts and principles laws and regulations related with nursing, structure and problems of nursing in our country are examined.	Name-Surname: Nazan GÜRASLAN BAŞ E-mail: nbas@munzur.edu.tr	Nursing

				Tel: 04282132231/ 2130	
HEM 100/5	Fundamentals of Nursing	2 nd Semester /Spring	Infection Control, Movement Need of the Healthy Individual and Patient, Hygiene Need of the Healthy Individual and Patient, Vital Signs, Promoting Tissue Integument, Administration of Medications, Oxygenation Need of the Healthy Individual and Patient, Fluid Need of the Healthy Individual and Patient, Elimination Need of the Healthy Individual and Patient (Urinary and Bowel Elimination), Nursing Process Perioperative Care, Nursing Process.	Name-Surname: Yadigar ÇEVİK DURMAZ E-mail: ycevik@munzur.edu.tr Tel: 04282132231/ 2181	Nursing
HEM 104/3	Microbiology-Parasitology	2 nd Semester /Spring	Acquires information about the general properties and classification of microorganisms, features of bacteria, staining and reproduction of bacteria, materials used in microbiology, bacterial metabolism, interrelationship with in microorganism's, germflora, infection transmission routes, sterilization, disinfection, general properties of fungi, medicinal afsun and mildews, antibiotic mechanism of action, resistance mechanisms against antibiotics, information about the general pathology, protozoa, nematodes, cestodes, trematodes, disease-causing fungi and this fungi features, staphylococcus, streptococcus, pneumococcus, enterobakter, gram negative bacteria, mycobacterium, mycoplasma, chlamdia, neisseria, gram positive bacteria, anaerobic bacteria, spiral microorganisms, general properties of viruses, virosis, influenza and other RNA virus, fundamental immunology, protection against infection; serum and serums, microbiological diagnostic methods,	Name-Surname: E-Mail: Tel:	
HEM 112/3	Physiology	2 nd Semester /Spring	Introduction to physiology, functional organization of the human body and control of the internal environment, cell physiology, blood physiology, nervous physiology, muscle physiology, heart-physiology, nervous system physiology, excretory physiology, endocrine physiology and reproductive physiology.	Name-Surname: Fulya BENZER E-Mail: fulyabenzer@yahoo.com Tel: 4282131794	
YDI 102/2	Foreign Language II	2 nd Semester /Spring	Tenses (Simple Present Tense, Present Continuous Tense, Simple Future Tenses (will-going to), Simple Past Tense, Present Perfect Tense, Past Continuous Tense, Past Perfect Tense (when-while, other adverbial clause of Time), Modals and Communication-Translation Practice.	Name-Surname: E-Mail: Tel:	Foreign Languages
TRD102/2	Turkish Language II	2 nd Semester /Spring	The definition and functions of the language, giving information about the birth of languages; uncovering the differences between written language and spoken language; the place of Turkish in world languages; historical dialects of Turkish language, contemporary dialects, historical periods of Turkish language, works written in these periods; the alphabets used by the Turks throughout history.	Name-Surname: E-Mail: Tel:	Turkish Language

HEM 110/2	Health Protection and Develop	2 nd Semester /Spring	World health organization (WHO), region, Turkey, world medical report (1996), goal21, healthcare system in Turkey, health related concepts, health definitions, health determinants, health promotion, health protection levels, health and nursing promotion, health education, models for health promotion (health belief model- health promotion model), universal health declaration for the protection and improvement of health, improvement of health: In the world Turkey and the current situation. improvement of health in developmental period	Name-Surname: Gülnaz KARATAY E-Mail: gkaratay@munzur.edu.tr Tel: 4282131794	Nursing
HSD 100/2	Use of Basic Information Technology	2 nd Semester /Spring	Computer usage and windows systems, word informational programs, table and graphics(excell) powerpoint usage internet.	Name-Surname: E-Mail: Tel:	
AİT 102/2	Atatürks Principle & History of His Recent II	2 ndSemester /Spring	Basic concepts, treaty of lausanne and non-muslim, economic policy at Atatürk period, law and constitution reform, opposition parties, insurrection of Şeyh Sait, foreign policy in Atatürk period, language and history policy, statism, national chief period, DP,foreign policy during 2nd world war, foreign policy after war.	Name-Surname: E-Mail: Tel:	History
HSD/2	Physical Education	2 nd Semester /Spring	Principal concepts about council for physical education and sport science, lifetime sport and nutrition, doping, sport injury and care, volleyball, basketball.	Name-Surname: E-Mail: Tel:	
HSD 104/2	Oratory	2 nd Semester /Spring	Voice - Breathing Techniques, Intelligible Voice Production, Correct Syllable Emphasis, Proper Sentence Formation, Supporting Speech with Body Language, Public Speaking and Breathing Control, Effective Rhetoric Planning.	Name-Surname: Yadigar ÇEVİK DURMAZ E-Mail: ycevik@munzur.edu.tr Tel: 4282131794	Nursing
HEM 223/5	İnternal Medical Nursing	3rd Semester /Winter	Pain and Nursing Care. Shock and Nursing Care. Liquid-Electrolyte, AcidBase Imbalances. Wound and Nursing Care. Stress and Nursing Care. Sleep and Nursing Care. Rehabilitation. Elderly and Elderly Patient Care, Nursing Care of the Patient in Terminal Period. Internal Medicine Nursing and Primary Health Care, Nursing Process, Discussing the Concept of Homeostasis Disease. Oncology and Nursing Care. Cardiovascular System Diseases and Nursing Care, Respiratory System Diseases and Nursing Care, Kidney Diseases and Nursing Care, Immune System Diseases and Nursing Care, Dermatological Diseases and Nursing Care, Digestive System Diseases and Nursing Care, Endocrine System and Metabolism Diseases and Nursing Care, Joint and Connective Tissue Diseases and Nursing Care, Blood Diseases and Nursing Care, Nervous System Diseases and Nursing Care	Name-Surname: Emine KAPLAN SERİN E-Mail: emineserin@munzur.edu.tr Tel: 4282131794	Nursing

HEM 203/2	Pharmacology For Nursing Practice	3rd Semester /Winter	The basic concepts in pharmacology include pharmacological properties and side effects of drugs effective on tissue and organ systems and drug poisoning. While the drugs are introduced in accordance with the nursing education program, they are provided with information appropriate to their use in practice.	Name-Surname: Osman GÜLER E-Mail:osmanguler@munzur.edu.tr Tel: 428 651 33 51/127	
HEM 225/2	Process of Nursing	3rd Semester /Winter	Determination to the basic concept in nursing, nursing classification systems, stage of nursing care planning (data collection, determine to nursing diagnosis, planning, implementation and assessment), list to nursing diagnosis by the NANDA.	Name-Surname: Nilgün SÖYLEMEZ E-Mail: nilguntatar@munzur.edu.tr Tel:4282131794	Nursing
HEM 217/2	Pathology	3rd Semester /Winter	Introduction to pathology, Cellular Injury, Cellular adaptation and Necrosis, Acute and Chronic Inflammation, Tissue Repair: Regeneration, Healing and Fibrosis, Hemodynamic Disorders, Thrombosis and Shock, Immune System Diseases, Neoplasia, Diseases of Blood Vessels, Diseases Related with Environmental and Nutrition.	Name-Surname: Tuba PARLAK AK E-Mail:tubaparlakak@munzur.edu.tr Tel: 4282131794-2130	Nutrition and dietetics department
HEM 221/2	Foreign Language III	3rd Semester /Winter	Derivational forms of Adjectives, Modal Auxiliaries, Modal Auxiliary Verbs used with the Continuous Infinitive, Modal Auxiliary Verbs used with the Perfect Infinitive, Participals, Prefixes, Suffixes, Compound Prepositions, Causative Construction, If Clauses, Gerunds, Coordinate Conjunctions, Relative Clauses, Adverbial Clauses, Noun Clause, Reported Speech, Shortened attached Questions and Answers, Phrasal Verbs, Idioms, Transitive – Intransitive Verbs.	Name-Surname: E-Mail: Tel:	Foreign Languages
HSD 207/2	Transcultural Nursing	3rd Semester /Winter	Examination of Culture Concept, Transcultural Nursing Models, Nursing in Third World Countries, Cultural Competence, Integration of Cultural Competence into Nursing Education and Practice, Culture and Stress, Bringing up From Transcultural Perspective, Health Belief Systems and Effects of Culture, Culture-Family and Society, Ethical Decision-Making and Culture, Development of Global Health Care in Changing Culture, Human and Cultural Attachment, Pain Through Cultural Perspective, Culture and Death.	Name-Surname: E-Mail: Tel:	Nursing
HSD 201/2	Assertiveness Education	3rd Semester /Winter	To be able to communicate with self-esteem and self-confidence, To be able to express their feelings and thoughts clearly, To be able to protect their self-esteem and respectability of the others when expressing their feelings and thoughts, To be able to communicate without being aggressive, To be able to communicate without being shy, To be able to make self-criticism, To be able to improve their self-confidence, To be able to express themselves correctly in health care team and advocate their	Name-Surname: Yadigar ÇEVİK DURMAZ E-Mail: ycevik@munzur.edu.tr Tel:	Nursing

			professional rights, To be able to take an active role in health care team and advocate the patients' rights,		
HSD 205/2	Chronic Disease Management	3 rd Semester /Winter	Definition of Chronic Disease, Epidemiology, Etiology, Importance, Primary and Secondary Prevention, Economic Problems in Chronic Diseases and Management, Aging Process and Effects, Adaptation Process in Chronic Diseases, Alternative and Complementary Care in Chronic Diseases, Health Informatics in Chronic Diseases, Management of Chronic Diseases and Research Areas, Chronic Diseases: Chronic diseases of the cardiovascular system (Hypertension, Coronary Artery Diseases, Chronic Heart Failure), Chronic diseases of the respiratory system (Asthma, Chronic Obstructive Pulmonary Disease (COPD)), Cancer (Lung, Colorectal, Breast), Chronic diseases of the nervous system (Epilepsy, Stroke, Multiple Sclerosis, Parkinson, Alzheimer), Chronic Pain, Diabetes (Type 2), Irritable Bowel Syndrome, Obesity, Chronic Renal Failure, Blood Diseases, Osteoporosis, Rheumatoid Arthritis, Systemic Lupus Erythematosus, Fibromyalgia, Depression, Schizophrenia.	Name-Surname: Emine KAPLAN SERİN E-Mail: emineserin@munzur.edu .tr Tel: 4282131794	Nursing
HEM 222/5	Surgical Nursing	4th Semester /Spring	Asepsis, aseptic methods, control of hospital infections, definition of surgery, inflammation, wound types and care, fluid electrolyte balance and disorder in surgery, pre- and post-operative care, nursing and care of digestive system surgical diseases, kidney, urinary tract and surgical diseases of male reproductive organs and nursing care, breast diseases and nursing care, surgical diseases of the respiratory system and nursing care, surgical diseases of the cardiovascular system and nursing care, orthopedic diseases and nursing care, eye diseases and nursing care, ENT diseases and nursing care, operating room, surgery of the endocrine system general principles in the treatment of diseases and nursing care, transplantation and burn, surgical diseases of the nervous system and nursing care.	Name-Surname: Emine KAPLAN SERİN E-Mail: emineserin@munzur.edu .tr Tel: 4282131794	Nursing
HEM 204/2	Infectious Diseases	4 th Semester /Spring	Teaches the information about the general characteristics of infectious diseases, the information about the ways of transmission of infectious diseases, immunization in protection from infections, hospital infections, Characteristics of Infectious Diseases which transmit by touching prevention methods and nursing care, Characteristic of Infectious Diseases which transmit by zoonotics, prevention methods and nursing care, Characteristic of Infectious Diseases which transmit by vectors, prevention methods and nursing care, Characteristics of Airborne Disease Prevention and Nursing Care, Characteristics of Digestive Tract Infectious Disease Prevention and Nursing Care.	Name-Surname: Nazan GÜRASLAN BAŞ E-mail: nbas@munzur.edu.tr Tel: 04282132231/ 2130	Nursing
HEM 224/2	Sociology of Health and Illness	4 th Semester /Spring	The course objective is to provide the opportunity to students to discuss the concepts of sickness and health based on social, cultural and behavioral bases and to provide students with opportunities to analyze the effects of the social process in health field with a sociologic point of view by transferring them the main approaches and theories	Name-Surname: E-Mail: Tel:	Sociology

			of health sociology. Course outline: Introduction to Health Sociology, The development of Health Sociology; defining concepts of health and illness, illness experience, health and illness behaviour, Patient role and patient-physician relations, Social factors affecting health-illness phenomenon: gender, marital status, family, education, business and occupation, poverty, social class inequality in health, settlement conditions, lifestyle, social environment, disease and social support, cultural effects on disease experience, Health system as a social service area, Health Policies in Turkey, Economic Policies and Health.		
HEM 216/2	Foreign Language IV	4 th Semester /Spring	Active-Passive Voices Affirmative, Negative, Questions, and Answers Forms. Active-Passive Voices Exercises, Causatives Affirmative, Negative, Questions, and Answers Forms. Causatives Exercises., If Clauses Type 0- 1 Affirmative, Negative, Questions, and Answers Forms., If Clauses Type 2- 3 Affirmative, Negative, Questions, and Answers Forms., If Clauses Type 2- 3 Affirmative, Negative, Questions, and Answers Forms., If Clauses Exercises., Tag Questions., Tag Questions Exercises., Relative Clauses (Defining- Non Defining), Relative Clauses Exercises., Names of illness, Dialogues used in hospital.,	Name-Surname: E-Mail: Tel:	Foreign Language
HSD 204/2	Psychology	4 th Semester /Spring	This module provides an overview of the science of psychology. The topics include history, methodology, biopsychology, sensation, perception, learning, memory, cognition and language, intelligence, consciousness, motivation, emotions.	Name-Surname: Yadigar ÇEVİK DURMAZ E-Mail: ycevik@munzur.edu.tr Tel: 4282131794	Nursing
HEM 218/2	Intensive Care Nursing	4 th Semester /Spring	Definition of intensive care, development of intensive care services, situation of intensive care services in the world and Turkey, patient recruitment and removal criteria, classification of intensive care units and physical layouts, intensive care nursing (features, responsibilities and duties), patient-physician-patient relatives and other health personnel communication in intensive care unit, Intensive care unit infections, disinfection of intensive care unit and used devices, scoring system used in intensive care units, vegetative state, definition of brain death, diagnostic criteria of brain death, Care of brain death donors, legal procedures and organ transplantation, monitorization methods in intensive care patients, problems of intensive care patients (bedsore, risk factors, scoring systems, prevention of bedsores) System diseases and nursing approaches in intensive care, fluid-electrolyte balance, principles of treatment, nursing approaches, nutrition in intensive care patients (enteral and parenteral nutrition, nutrition pathways, complications, roles and responsibilities of nurse in nutrition), devices used for nutrition Beslenme amacıyla kullanılan cihazlar (usage, cleaning and sterilization), blood and blood components (indications, application, complications, precautions), drug therapy in intensive care and responsibilities of nurse ethical and legal requirements in intensive care units.	Name-Surname: Emine KAPLAN SERİN E-Mail: emineserin@munzur.edu.tr Tel: 4282131794	Nursing

HSD 200/2	Rational Drug Usage	4 th Semester /Spring	Introduction to Clinical Pharmacology; basic pharmacokinetic concepts and target concentration Strategy, effect of kidney and liver diseases on pharmacokinetics; drug receptors, dose response and concentration response drug interactions; undesirable effects, factors that change the effect of drug; drug use in pregnant and nursing women, rational drug usage principles, optimization analysis among alternatives; The Concept of Personal Medicine, rational antibiotic usage, family planning and rational drug usage, rational drug usage in oncology patients, rational drug usage in intensive care patients, rational drug usage in cardiology, rational drug usage that effects central nervous system, rational drug usage of analgesics and anti-inflammatory drugs, rational drug usage in dialysis patients.	Name-Surname: E-Mai: Tel:	Nursing
HSD 202/2	Pain Management	4 th Semester /Spring	History of pain, factors affecting pain perception and control, Epidemiology of pain, Anatomy and Physiology of Pain, Pain Definition and Mechanisms, Pain Assessment and Measurement, Acute Pain, Chronic Pain and Its Properties, Pain Control Methods, Pharmacological Methods in Pain Control, Patient Controlled Analgesia Nonpharmacological methods and TENS in pain control, Invasive methods in pain control, pain due to diagnosis and treatment, postoperative pain and postoperative pain control, Treatment in musculoskeletal system pain Treatment in waist and neck pain Treatment in rheumatic pain Treatment in neuropathic pain, Pain in special cases (Cancer, trauma, burn, etc.), Pain control in elderly patients, Pain control in pediatric patients, Pain control in intensive care patients, Psychiatric aspects of pain, Role of nurses in pain management and teamwork, Pain and ethics	Name-Surname: Emine KAPLAN SERİN E-Mail: emineserin@munzur.edu .tr Tel: 4282131794	Nursing
HSD 206/2	History of Science	4 th Semester /Spring	Definition and Objectives of Science, Features of Science, Scientific Understanding, Science In Ancient Civilizations, Science In Ancient Greece, Science In Medieval Europe, Science in the Islamic world, Renaissance and Modern Science, Science in the Age of Enlightenment, The Industrial Revolution and Science, Contemporary Science, Computer Development Process and Its Effects on Society	Name-Surname: E-Mai: Tel:	Philosophy department

HEM 323 (5 12 11) ECTS: 14	Obstetric and Gynecological Nursing	5 th Semester /Winter	Importance of women's health and nursing, social and cultural factors that affect women's health, anatomy and physiology of the reproductive system, pregnancy physiology, physiology of the Mother during pregnancy, prenatal care, high risk pregnancies, birth, and nursing care, complications of delivery, childbirth, and ethics, physiology and care of the newborn, require special care neonate, Puerperium and lactation, Puerperal period, risky situations, family planning, the circuits of women's lives, reproductive tract infections and sexually transmitted diseases, reproductive cycle anomalies, Anatomical and functional anomalies of reproductive organs, benign gynecological changes, reproductive system cancers, diagnosis and treatment methods in gynecology.	Name-Surname: Nursel ALP DAL E-mail: nurselalpda@munzur.edu.tr Tel:04282132231/ 2181	Midwifery Department
HEM 329 (2 0 2) ECTS: 3	Biostatistics	5 th Semester /Winter	Science and scientific method, statistics and biostatistics, definition of variables, collection of data in Health Sciences, classification of data, showing with charts and graphs, descriptive statistics, probability, probability rules, calculation of probability, frequency distributions and some important theoretical distributions, sampling and sampling methods, validity and reliability of clinical and laboratory tests, testing of assumptions, parametric significance tests, nonparametric hypothesis tests, regression and correlation analysis, planning and interpretation of clinical trials, introduction to multivariate analysis, sample question solutions.	Name-Surname: E-mail: Tel:	
HEM 321 (2 0 2) ECTS: 2	Epidemiology in Nursing	5 th Semester /Winter	Basic concepts related to epidemiology, data sources and parameters, epidemiological research types (descriptive, analytical, cross-sectional, cohort experimental epidemiological intervention studies, methodological researches), epidemiological approach to common diseases.	Name-Surname: Gülnaz KARATAY E-mail: gkaratay@munzur.edu.tr Tel: 04282132231/ 2150	Nursing
HEM 319 (2 0 2) ECTS: 2	Professional English I	5 th Semester /Winter	The hospital team, reading a nursing schedule, in and around the hospital, escorting a patient for tests, hospital admissions, taking a blood sample, the patient ward, nursing duties, accidents and emergencies.	Name-Surname: Gülnaz KARATAY E-mail: gkaratay@munzur.edu.tr Tel: 04282132231/ 2150	Nursing

HSD 303 (2 0 2) ECTS: 2	Social Gender and Inequality	5 th Semester /Winter	Definition of gender, gender from a psychological angle gender and rights, gender and its effects on health, gender and equality, working life and women reproductive health problems that originate from gender discrimination, the physical, social and psychological effects of gender discrimination against women.	Name-Surname: E-mail: Tel:	
HSD 305 (2 0 2) ECTS: 2	Family Planning Nursing	5 th Semester /Winter	Male and female reproductive organs, sexuality and sexual health, sexual and reproductive health counseling, 15-49, family planning methods, reproductive health problems according to life periods, sexuality and reproductive health in adolescents, reproductive system infections.	Name-Surname: Nursel ALP DAL E-mail: nurselalpdal@munzur.edu.tr Tel: 04282132231/ 2181	
HSD 301 (2 0 2) ECTS: 2	Newborn Nursing	5 th Semester /Winter	Neonatal nursing in the world and in our country, organization of neonatal intensive care units and transport of neonatal, ethical in neonatal nursing, normal and high risk neonatal care after the first day, preparation for discharge, congenital defect newborn, genetic problem newborn, adaptation of neonatal to life outside uterus, evaluation, neonatal resuscitation, neonatal resuscitation, neonatal care (heat control control, fluid-electrolyte balance, nutrition, respiratory system diseases of newborn /heart diseases of newborn, neurologic and GIS diseases of newborn, urinary system diseases of newborn /skin diseases of newborn, hematologic and oncological problems of newborn, infections of newborn.	Name-Surname: Nazan GÜRASLAN BAŞ E-mail: nbas@munzur.edu.tr Tel: 04282132231/ 2130	Nursing
HEM 325 (2 0 2) ECTS: 3	Growth and Development	5 th Semester /Winter	Concepts related to growth –development, factors affecting growth –development, monitoring and evaluation of growth, development theories – Psychosexual and psychosocial development theories, developmental theories – cognitive and moral development theories, physical growth in infancy, psychosocial development in infancy period, growth in play childhood period, growth in preschool period, growth in school childhood period, growth in adolescence period, development in adolescence period.	Name-Surname: Nazan GÜRASLAN BAŞ E-mail: nbas@munzur.edu.tr Tel: 04282132231/ 2130	Nursing
HEM 327/(0 160 0) ECTS:4	Professional Practice 1	5 th Semester/Winter	Clinical summer practices	Name-Surname: E-mail: Tel:	

HEM 318 (5 12 11) ECTS: 14	Pediatric Nursing	5 th Semester /Winter	Child health problems in our country, Child Health Protection development and maintenance, standards of Pediatric nursing, basic health services in pediatric nursing, diagnosing the child's health status, pediatric applications, newborn diseases and nursing care, nutrition and nutrition problems in children, child with respiratory system problems, nursing process, infection diseases in children and vaccine applications, fluid electrolyte balance and imbalance, problems related to, alterations of the endocrine system, oncological and hematological alterations, neurological system alterations, children with heart and circulatory system problems, genito-urinary system problems, skeletal system problems in children.	Name-Surname: Nazan GÜRASLAN BAŞ E-mail: nbas@munzur.edu.tr Tel:04282132231/ 2130	Nursing
HEM 320 (2 0 2) ECTS: 2	Oncologic Nursing	6 th Semester /Spring	The definition of tumors, staging, classification, cancer risk factors, early diagnosis and treatment methods, the problems seen in cancer patients and nursing care initiatives for these problems will cover information and applications.	Name-Surname: Nazan GÜRASLAN BAŞ E-mail: nbas@munzur.edu.tr Tel:04282132231/ 2130	Nursing
HEM 316 (2 0 2) ECTS: 4	Emergency Care Nursing	6 th Semester /Spring	Disaster situations in the community, their causes, emerging issues and relevant institutions, the importance of first aid, history and basic concepts in first aid, patient assessment and communication, first aid for respiratory and circulatory system, cardiopulmonary resuscitation (CPR), the rescue of casualties and injuries, prevention, diagnostic, evaluation of the transfer of the wounded, determining priorities, first aid to bleeding, fainting, shock and first aid in coma, fractures and dislocations, and first aid, burns, and exposure to hot and cold first aid, first aid, and sudden blackouts, poisoning and insect bites and first aid, first aid in drowning	Name-Surname: Nazan GÜRASLAN BAŞ E-mail: nbas@munzur.edu.tr Tel: 04282132231/ 2130	Nursing
HEM 304 (2 0 2) ECTS: 2	Nursing Ethics and Values	6 th Semester /Spring	Ethical approach to ethics, ethical principles, ethical types, nursing philosophy, nursing values, ethical codes in nursing, ethical decision making in nursing, science, research and ethical issues.	Name-Surname: E-mail: Tel:	Nursing
HEM 319 (2 0 2) ECTS: 2	Professional English II	6 th Semester /Spring	Measurements and quantities- food and measurements, preparing a menu, the body and movements, exercises for recovery, ROM exercises, medication, medication routes and forms, past simple and past continuous -Louis Pasteur, talking about old age, communicating with relatives by phones, ordering supplies, recovery and assessing the elderly, removing sutures.	Name-Surname: Gülnaz KARATAY E-mail: gkaratay@munzur.edu.tr Tel: 04282132231/ 2150	

HEM 322 (2 0 2) ECTS: 2	Home-Care Nursing	6 th Semester /Spring	Definition of home care, benefits, home care services in the world and in our country, chronic diseases and home care, home care practices and the role of nurse.	Name-Surname: E-mail: Tel:	Nursing
HEM 306 (2 0 2) ECTS: 2	Geriatric Nursing	6 th Semester /Spring	Health problems and approaches to these problems, services offered to the elderly, healthy aging and improving the quality of life in old age, nursing care in old age.	Name-Surname: Gülnaz KARATAY E-mail: gkaratay@munzur.edu.tr Tel: 04282132231/ 2150	Nursing
HSD 300 (2 0 2) ECTS: 2	Consultant- Liaison Nursing	6 th Semester /Spring	Consultation-liaison Psychiatry the definition and content of consultation-liaison psychiatric nursing and the historical development of the role within the health care system consultation-liaison psychiatric nursing practice areas, nursing roles in the hospital, liaison Psychiatry, liaison Psychiatry in the hospital the stages of the nursing process, Liaison psychiatric nurse, psychiatric disorders in patients with physical disease types, and patient care practices at home, patients and their families that will be applied to the content of training programs, in special cases, consultation-liaison psychiatric nursing.	Name-Surname: Yadigar ÇEVİK DURMAZ E-mail: ycevik@munzur.edu.tr Tel: 04282132231/ 2181	Nursing
HSD 308 (2 0 2) ECTS: 2	Reproductive Health	6 th Semester /Spring	Importance of family planning, presentation and management of family planning services, reproductive system and sexuality, methods of natural family planning, breastfeeding and prevention of pregnancy, barrier methods, hormonal contraception, voluntary surgical sterilization, contraception in special periods and situations, early diagnosis in breast and cervical cancer diagnosis, legal regulations on planning.	Name-Surname: Nursel ALP DAL E-mail: nurselalpda@munzur.edu.tr Tel:04282132231/ 2181	Midwifery Department
HEM 415 (5 12 11) ECTS: 14	Psychiatric Nursing	7th Semester /Winter	The aim of mental health and psychiatry nursing, principles, standards and historical development, social psychiatry and community mental health nursing process, therapeutic communication methods, therapeutic environment, patient acceptance and discharge, anxiety disorders, somatoform disorders, schizophrenia and other psychotic disorders, mood disorders, organic mental disorders, personality disorders, substance abuse disorders, eating disorders, sleep disorders, sexual health and sexual function disorders, amnestic and other cognitive disorders, consultation lyezon psychiatric nursing, psychosomatic diseases, emergency psychiatric conditions, psychiatric treatments and the role of the nurse, legal and ethical issues	Name-Surname: Yadigar ÇEVİK DURMAZ E-mail: ycevik@munzur.edu.tr Tel:04282132231/ 2181	Nursing

HEM 421 (3 0 3) ECTS: 3	Nursing Research	7th Semester /Winter	Nursing discipline, science and research, nursing research, use of research in nursing services, research process, research design types, data collection methods, techniques and tools, data analysis, writing the research report.
